CURRICULUM VITAE

PERSONAL DETAILS

Full Name : Firmanto
Place of Birth & Date of Birth : Kebumen, Center of Java & July, 17th. 1977
Gender : Male
Religion : Islam
Marital Status : Married
Nationality & Citizenship : Indonesia
Contact Address : Perum. Bumi Citra Lestari Jl. Melati V Blok A29 No.12
Rt005/010 Desa Waluya, Lemah Abang, Cikarang Utara
Bekasi 17550
Phone : +62 8981558070
E-mail : firmantokbm@gmail.com

FORMAL EDUCATION

University/School	Degree	Dates From-To
Azzahra Islamic University	Bachelor (Civil Eng.)	2002 – 2008 *)
SMA Muhammadiyah Kebumen	Senior High School	1993 – 1996
SMPN 6 Kebumen	Junior High School	1990 – 1993
SDN 1 Kebumen	Elementary School	1984 – 1990

*) **Graduation:** GPA 2.79 (scale 4.00).

PROFESSIONAL WORKING AND JOB TRAINING EXPERIENCES

April, 2008 – Now

PT. Depriwangga Engineering, Jakarta

Graha Menara 165 Lantai 12A

Jl. TB Simatupang Kav.1 Cilandak

Jakarta Selatan

As Designer Structure

Last project:

- BP West Java (April '08 ~ July '08)
For Zulu Area (ZUA, ZUB, ZUC, ZUD, ZUE, ZUF, ZUG, ZUK, Zulu Living Quarters) As-built Project – West Java
- BP West Java (July '08 ~ August '08)
For Mike-Mike Area (MB.1, MB. 2, MB.5/6, MRA) As-built Project – West Java
- BP West Java (August '08 ~ Sept '08)
For Foxtrot Area As-built Project – West Java
- BP West Java (Sept '08 ~ Oct '08)
For Pipeline Replacement Project (KKNA-KKNP, BZZA-BZZB, EB-EPRO)
As-built Project – West Java
- BP Tangguh LNG Project (Nov '08 ~ Oct '09)
For Project Modification – Papua Irian Jaya

- Design Analysis Structure for Shelter at MB-2 (Mike-Mike) Project – Pertamina PHE ONWJ
- Design Analysis Structure and Foundation for Chemical Shelter at MB-2 (Mike-Mike) Project – Pertamina PHE ONWJ
- Survey As-built Drawing for Isometric Drawing at KKA, ESA, EQA, LLD, BF, BNA, BL Platform Project – Pertamina PHE ONWJ
- Survey for Structure Layout Cellar Deck, Main Deck at EB, BD Platform Project – Pertamina PHE ONWJ
- Survey for Structure Boat Landing Replacement for UWA, EC, EA FZA Platform Project – Pertamina PHE ONWJ
- Topographic Survey Plan For Onshore Processing Facility at Balongan for GG Project – Pertamina PHE ONW
- Soil Investigation Survey For Onshore Processing Facility at Balongan for GG Project – Pertamina PHE ONW
- Pipeline Survey For Onshore Processing Facility at Balongan for GG Project – Pertamina PHE ONW
- Infill Well for EF, ED, LD, LLD, LLB, FFB, EQD Platform Project – Pertamina PHE ONWJ.
- Feed Pengembangan Fasilitas Produksi Cilamaya Utara – Pertamina EP Asset 3
- Contruction Pengembangan Fasilitas Produksi Balikpapan – Pertamina EP Asset 5
- Sentralisasi Power Plan SP Tambun – Pertamina Asset 3
- Studi Kelayakan Perbaikan Kualitas Gas – Pertamina Asset 3

Roles:

- Makes Sketch Structure Drawing from Platform/Site.
- Makes Sketch Layout Drawing from Platform/Site.
- Makes Sketch Isometric Drawing from Platform.
- Multi discipline New Drawing in AutoCAD
- Multi discipline As-Built Drawing in AutoCAD.
- Copying of model data file to local workstation for working.
- Copying of work in progress sat files to 'in progress' folder in respective project directory on a nightly basis before scheduled backup.
- Placing finished models in RFI folder in the respective project directory.

Responsibilities:

- Responsible for delivering drawing (dwg files) in accordance with project scope and tolerances.
- Reporting back to the senior Drafting and where necessary the 3D Cad coordinator any issues with the drawing process or software.
- Maintaining a good handle on the progress of their as-built drawing, in order to be able to keep the Cad coordinator updated with accurate work in progress and scheduled finish dates.
- Responsible for ensuring that the model data files are in the correct locations depending on their state of completion, and for backup purposes.

PT. Surtech Utama Indonesia, Jakarta

Jl. Ampera Raya No.5 Satmarindo Building 2nd Floor

Jakarta Selatan 12560

As 3D Modelling

Last project:

- Saudi Aramco (Marjan, Zuluf, Safaniyah, and Abu Safah offshore fields) - Saudi Arabia
- BP Bulwer refinery - Australia
- Maersk Oil offshore revamp - Qatar
- Worley Woodside - Australia
- Worley Parsons offshore pilot for ADMA OPCO - Abu Dhabi
- Worsley plant revamp – Australia

Roles:

- Multi discipline 3D modeling in LFM
- Copying of model data file to local workstation for working.
- Copying of work in progress sat files to 'in progress' folder in respective project directory on a nightly basis before scheduled backup.
- Placing finished models in RFI folder in the respective project directory.

Responsibilities:

- Responsible for delivering 3D LFM models (sat files) in accordance with project scope and tolerances.
- Reporting back to the senior 3D modeller and where necessary the 3D Cad coordinator any issues with the modeling process or software.
- Maintaining a good handle on the progress of their modeling work, in order to be able to keep the 3D Cad coordinator updated with accurate work in progress and scheduled finish dates.
- Responsible for ensuring that the model data files are in the correct locations depending on their state of completion, and for backup purposes.

May, 2004 – Sept, 2005.

PT. Aneka Panel Indonesia.

Jl. Gatot Subroto Kav. 58 Korea Center Building Suite 401

Jakarta Selatan 12950

As Senior Drafter

Last project:

- Tangguh LNG Project, Irian Jaya
- Industri Susu Alam Murni Project, Bandung
- Serim Project, Tangerang

Roles:

- Multi discipline Approval Drawing, Shop Drawing, Cutting Drawing, Erection Drawing, Asbuilt Drawing in AutoCAD
- Revision from fabrication (As-Built Drawing).
- Copying of work in progress dwg files to 'in progress' folder in respective project directory on a nightly basis before scheduled backup.
- Placing finished models in RFI folder in the respective project directory.
