OBJECTIVES:

To utilize my optimum potentials in your organization and fashion out more creative ways of sustaining productivity, profitability, competitive and long term survival in my field of career opportune to serve.

To strive for excellence and to be result oriented.

Date of Birth:	17th march 1972
Sex:	Male
Marital Status:	Married
Local Govt. Area:	Ikot Abasi
State of Origin:	Akwa Ibom State
Nationality:	Nigeria
Religion:	Christianity

EDUCATION/QUALIFICATION DETAILS:

- | | | |
|----|--|------|
| 1. | First School Leaving Certificate | 1981 |
| 2. | West African Examination Council (GCE) | 1987 |
| 3. | Gil Automation (Certification) | |
| 4. | Institute of Valves Professional & Technology, Accra (Ghana)
(O.N.D) Mechanical Engineering | |
| 5. | Rivers state Polytechnic Bori
(Statement of Industrial Certificate Result) | |

CERTIFICATE ACQUIRED

1. Certificate of Merit (NAFCON) in Maintenance
2. FPSO Mystras (SRM) Saipem
(Certificate of Service)
3. EB Global Engineering Co. Ltd.
(Certificate of Training)

COURSES ATTENDED

- Gil Automation (Certification)
(Instrumentation, Maintenance, Calibration Technique)
- Tropical Helicopter underwater estate Training including SAS
- SDT Training (Ultrasound beyond essentials TM) April 30, 2020
- SDT Training (Ultrasound beyond essentials TM) May 7, 2020
- SDT Training (Ultrasound beyond essentials TM) May 5, 2020

WORKING EXPERIENCE:

S/N	CLIENTS	COMPANIES	RESPONSIBILITIES	DURATION	POSITION
1	NAFCON	Mudiambe	Turn around maintenance /Certification of pressure safety valves, overhauling of all manual valve/ Sealant injection etc.	21stOct. 1996-1997	Valve Supervisor
2	Salpem Coy Ltd FPSO Mystras Vessel	Sam agros Int'l Ltd	Maintenance of pressure safety valves online, Testing/Recertification, Overhauling and pressure testing/installation	May 15th-2nd Sept. 2007	Senior Technician
3	Agip Coy Ltd	EB, Global Engineering Coy	Maintenance of all manual valves such as gate, Audico, Cameron, T.K. Globe Hammer and Actuator valves/ Hydro testing and sealant injection	2001-2002	Senior Technician
4	Addax Petroleum	Ltd	Maintenance of pressure safety valve (PSV) guage calibration tubing bending	2000	Instrument Technician
5	Indorama Eleme-petro chemical	Morpol Engineering Ltd	Turn around maintenance on pressure safety valves, recalibration. And replacement of tubing lines and control valve/manual valve and sealant injection	2006	Valve Supervisor
6	SPDC Pipe Line Department	BGT Technical	Online/offline valve maintenance, sealant injection and installation of valve	Nov. 2010-Feb 2011	Valve Supervisor
7	SPDC Condition Monitory	E-way marketing	maintenance of valve online and sealant injection on ligament plug valves, and all manual valve and Ultrasonic leak test.	March 2012-2018	Valve Supervisor
8	SPDC condition monitory	Calaya Services Ltd	Process Valve maintenance (PMV), gear box maintenance and Ultrasonic	March, 2018-August 2020	Valve Supervisor
9	SPDC Pipeline	Company BGT	Leak test, oil data sampling, Online valve maintenance at Souk, NUU-RIVERS	NOV. 2020-Feb2021	Valve supervisor

10	New Cross Exploration	Unson Services (Awoba & Ekulema)	Process Valve Maintenance: (PVM) Recertification of pressure safety valve and calibration of guage	May,14th 2021-June 3rd2021	Valve Supervisor (Calibrator)
11	Indorama Eleme petrochemical company	Roslabam Resources	Recalibration and overhauling of pressure safety valve	Nov. 22, 2021 to 11 th Dec., 2021	Valve technician

ABILITIES, SKILLS, KNOWLEDGE AND EXPERIENCE

- I am perfect in construction of Hydro testing (Unit or equipment from 6,000 PSIG-50,000
- Fabrication of safety relief valves test bench
- Testing of valve to any pressure
- Required cranes scaffold etc. to be accomplished and planners job priorities and ensure
- Supervise the cleaning of work area after completion and hand over the equipment for
- Disassembly /Assembly, Installation of valves
- Tubing bending work
- Experience in-well head. Xmas tree-SSV, flow tee, SSCSV, choke, master, wing, crown,
- I am skill Team Leader.
- Assisted Planners and maintenance supervisor in the maintenance activities.
- Ultrasonic leak test.
- Ability to conduct tool box meeting before work commence
- Inventory taking
- Inspection of materials for certification
- Maintenance of valves to (API/OEM) specs standard.
- API = American petroleum institute.
- OEM= Original equipment manufacturer.
- Documentary report after work completion.
- Competence in offshore/onshore work
- Carryout checks and sorting of materials to be used in respect to a check list and part
- Bagging and tagging of materials used on each and every device to be worked on,
- Reading and interpretation of permit to work (PTW) and job hazard analysis (JHA) to
- Checking conformity of a new device part number to the old one
- Ensure that materials are available for operational needs
- Conduct all safety & environment related issued and ensuring that the workforce adhere ground and the proper personal protective equipment (PPE) to be used for the job.
- to company policies, rules and regulations.
- Contribute to the planning and implementation of risk assessment, control & mitigation
- Report writing for each day activities.
- Maintain emergency procedures manual & ensure that it is effectively drilled into the

HOBBIES:

Travelling, making research and listening to music

REFEREES:

Engr. Imo Harrison Udoh
